Project One

Cat-tastrophe Text Based Game

The cats were enjoying a nice evening in their headquarters, getting ready for their catnip party, when they suddenly realized a dog was sprawled out in their bedroom. You must defeat the dog before the cats' guests arrive for the party. Collect all of the items in each of the rooms that are needed to defeat the dog. You will need a treat from the kitchen to calm your nerves, catnip from the Catnip Room to give you energy to wrangle the dog, a mask from the Party Room so the dog is confused when you enter the room, a squeaky toy from the Toy Room to get the dog's attention, a sword from the Litterbox to fend off the dog, and handcuffs from the Dungeon to disable the dog.
